PETITION UNDER 37 CFR § 1.47(a)

On April 25, 2005, Applicants petitioned the Director to add Keith Cargin as a named inventor. The Director denied Applicants' petition because the newly submitted oath did not include the address or citizenship of Keith Cargin, the non-signing inventor (although such information was included in Applicants' petition). Accordingly, the applicants respectfully resubmitted their petition, under 37 CFR § 1.47(a), to add Keith Cargin as a named inventor. This second submission included a Second Supplemental Declaration for Patent Application, which includee Mr. Cargin's address and citizenship, as requested. Applicants second petition, however, was held in abeyance pending the outcome of Applicants' concurrent petition under 37 CFR § 1.48. Applicants have resubmitted its petition under section 1.48, and thus, resubmits its petition under 37 CFR 1.47(a) for reconsideration.

In December 2002, Broadcom Corporation acquired numerous patents and patent applications from Intermec Technologies. As a result of this transaction, Broadcom acquired ownership of the current application, as further evidenced by the assignment documents attached as Exhibit A. On October 20, 2004, Ronald Spuhler,

Best Available Copy

attorney for Broadcom Corporation, submitted a Supplemental Oath and Declaration listing two joint inventors – Ronald Mahany and Stephen Kelly. A copy of this oath is attached as Exhibit B.

It has come to Broadcom's attention that a third inventor, Keith Cargin, should be named as an inventor in the present application. As described in further detail in the attached declaration, Mr. Spuhler has made numerous attempts to contact Mr. Cargin to confirm his role in conceiving and/or reducing to practice the current invention and to request that Mr. Cargin execute the Second Supplemental Combined Declaration and Power of Attorney, which lists Mr. Cargin as a named inventor (a copy of which is attached as Exhibit C). Such attempts, however, have been futile. Mr. Cargin has failed to return any phone calls or respond to any letters, and to date Mr. Cargin has yet to execute the attached Declaration and Power of Attorney. Accordingly, Broadcom respectfully requests that the Office grant this petition to proceed without Mr. Cargin and to enter the enclosed Second Supplemental Combined Declaration and Power of Attorney attached as Exhibit C, which has been executed on behalf of Mr. Cargin by the joint inventors.

The last known address of Keith Cargin is:

Keith K. Cargin
3219 Blue Ridge Drive NE
Cedar Rapids, Iowa 52402

Applicants are also aware that Mr. Cargin is employed by Rockwell Collins at the following address:

Keith K. Cargin
400 Collins Road Northeast
Cedar Rapids, IA 52498

Support for these factual allegations is further laid out in the Declaration of Ronald H. Spuhler, which is attached as Exhibit D.

The fee for this petition is understood to be \$200.00. 37 CFR § 1.17(g). Please charge this fee, and any additional fee presently required, to Deposit Account 13-0017.

Respectfully submitted,
McAndrews, Held & Malloy, Ltd.

Declaration of Ronald H. Spuhler

I, Ronald H. Spuhler, declare the following:

1. I am an attorney of record in this application. I have been directly involved in preparing and prosecuting the present patent application. I am making this declaration to show facts in support of a petition, under 37 CFR § 1.47(a) and 37 CFR § 1.183, requesting the Director to accept the enclosed Second Supplemental Combined Declaration and Power of Attorney, which has been executed on behalf of Keith Cargin, who has refused to execute any declaration.

2. The present application names two joint inventors – Ronald Mahany and Stephen Kelly. Inventors Mahany (by and through his widow) and Kelly have executed the enclosed Second Supplemental Combined Declaration and Power of Attorney.

3. A Notice of Informal Application was sent to McAndrews, Held & Malloy, Ltd. on April 20, 2004, stating that a new oath or declaration was required due to the original declaration's failure to identify the citizenship of each inventor.

4. Upon receiving the Notice of Informal Application, my colleague, Ronald Larson, and I contacted Jack Sherman, Intermec's in-house counsel, who filed all of the prior related applications and was intimately involved in the prosecution of each of these cases. Mr. Sherman informed us of his belief that Mr. Cargin should be a named inventor in this case.

5. In July 2004, Mr. Larson and I also contacted several of the twelve inventors listed on the original declaration of the grandparent application to determine their roles, if any, in the conception and reduction to practice of the current invention. These inventors also confirmed Mr. Cargin's role in inventing the claimed subject matter.

6. Mr. Larson and I attempted to contact Mr. Cargin, at home and at work, on no fewer than three occasions, leaving a message each time. Mr. Cargin did not respond to any of our messages.

7. On October 20, 2004, the undersigned sent an e-mail to Mr. Cargin reiterating that the original declaration was rejected for failure to include citizenship and that if he was in fact an inventor, Mr. Cargin needed to sign the Supplemental Declaration that was attached. A paper copy of this e-mail is attached as Exhibit 1. Mr. Cargin did not respond to this e-mail.

8. On October 25, 2004, the undersigned sent an e-mail to Mr. Cargin noting that no response had been received and again asking Mr. Cargin to

contact the undersigned. A paper copy of this e-mail is attached as Exhibit 2. Mr. Cargin did not sign the Declaration or contact the undersigned.

9. On February 24, 2005, the undersigned sent to Mr. Cargin, via certified mail, a copy of the relevant application papers, the Second Supplemental Combined Declaration and Power of Attorney and a letter requesting that Mr. Cargin contact the undersigned to discuss Mr. Cargin's involvement in inventing the claimed subject matter. Several days later the certified mailing containing the listed materials was returned to sender.

10. Another one of my colleagues, Laura Personick, contacted directory assistance and ran several internet searches, which confirmed that Mr. Cargin still resides on Blue Ridge Lane in Cedar Rapids, Iowa.

11. On March 29, 2005, the undersigned re-sent the relevant application papers to Mr. Cargin at his listed work address, via certified mail. Also included was a new cover letter, requesting that Mr. Cargin contact the undersigned to confirm Mr. Cargin's home address.

12. In the beginning of April, 2005, the undersigned received confirmation of delivery of the March 29, 2005 mailing. The return receipt was signed by L.S. Haas, a Rockwell Collins mailroom employee. The listed delivery date was March 31, 2005.

13. Upon information and belief, Ms. Personick left several messages with Mr. Cargin at his office attempting to confirm Mr. Cargin's receipt of the March 29, 2005 mailing and attempting to discuss Mr. Cargin's involvement in

inventing the claimed subject matter. Mr. Cargin did not return any of Ms. Personick's phone calls.

14. Upon information and belief, Ms. Personick spoke with several employees at Rockwell Collins, Mr. Cargin's listed place of business, and confirmed that Mr. Cargin was still employed with the company.

15. Upon information and belief, on April 14, 2005, Ms. Personick spoke with several employees of the Rockwell Collins mail department and ascertained that the March 29, 2005 mailing to Mr. Cargin was received by the mail department and internally sent to Mr. Cargin's mail station on March 31, 2005.

16. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further assert that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

I haven't been able to reach you thus far by telephone, so thought I would try by e-mail. Attached is a Supplemental Declaration for your execution (as mentioned in my voicemails, the original declaration was rejected by the Patent Office because it did not include your citizenship). Please fill out the relevant sections on page 5 and either fax (312/775-8100) or e-mail it back to me. This is an extremely urgent matter, so I would appreciate it greatly if you could handle this issue as soon as possible.

Please feel free to call me with any questions and thanks in advance for your help.

CERTIFICATE OF MAILING

I hereby certify that this correspondence is being deposited with the United States Postal Service as Express Mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on November 28, 2005.

PETITION UNDER 37 CFR § 1.183

As discussed in more detail in Applicants' petitions under 37 CFR §§ 1.47 and 1.48 (those petitions being incorporated herein), Applicants submit this petition to request that the Director waive the requirements of 37 CFR 1.48 and allow prosecution of the present application to proceed without the involvement of Keith Cargin.

In December 2002, Broadcom Corporation acquired numerous patents and patent applications from Intermec Technologies. As a result of this transaction, Broadcom acquired ownership of the current application. On October 20, 2004, Ronald Spuhler, attorney for Broadcom Corporation, submitted a Supplemental Oath and Declaration listing two joint inventors – Ronald Mahany and Stephen Kelly. Thereafter, it came to Broadcom's attention that a third inventor, Keith Cargin, should be named as an inventor in the present application. Jack Sherman, Intermec's in-house counsel and the attorney that previously prosecuted this family of cases, confirmed that he believes that Mr. Cargin should be a named inventor.

As described in further detail in Mr. Spuhler's declaration, a copy of which is attached hereto as Exhibit A, Mr. Spuhler has made numerous attempts to contact Mr.

11/29/2005 HUJONG1 00000042 130017 10646318
03 FC:1462 400.00 DA

Cargin to confirm his role in conceiving and/or reducing to practice the current invention and to request that Mr. Cargin execute a Declaration and Power of Attorney. Such attempts, however, have been futile. Mr. Cargin has failed to return any phone calls or respond to any letters, and to date Mr. Cargin has yet to execute any documents.

Applicants have previously submitted their petitions under 37 CFR §§ 47 and 48, but these petitions were dismissed because Applicants have allegedly not complied with section (2) of Rule 48, which requires a statement from Mr. Cargin that his omission occurred without deceptive intent. Because Mr. Cargin refuses to communicate with Applicants' attorney, however, Applicants cannot submit such a statement. (A copy of the decision is attached as Exhibit B.) Applicants believe that their Rule 47 and Rule 48 petitions and corresponding exhibits provide adequate background to illustrate that Mr. Cargin's omission was not done with deceptive intent.

As such, Applicants request that the Director waive any requirement under 37 CFR 48 that requires involvement of Mr. Cargin, including specifically subsection (2), which requires a statement from Mr. Cargin that his omission occurred without deceptive intent.

The fee for this petition is understood to be \$400.00. 37 CFR § 1.17(f). Please charge this fee, and any additional fee presently required, to Deposit Account 13-0017.

Respectfully submitted,

Declaration of Ronald H. Spuhler

I, Ronald H. Spuhler, declare the following:

1. I am an attorney of record in this application. I have been directly involved in preparing and prosecuting the present patent application. I am making this declaration to show facts in support of a petition, under 37 CFR § 1.47(a) and 37 CFR § 1.183, requesting the Director to accept the enclosed Second Supplemental Combined Declaration and Power of Attorney, which has been executed on behalf of Keith Cargin, who has refused to execute any declaration.

2. The present application names two joint inventors – Ronald Mahany and Stephen Kelly. Inventors Mahany (by and through his widow) and Kelly have executed the enclosed Second Supplemental Combined Declaration and Power of Attorney.

3. A Notice of Informal Application was sent to McAndrews, Held & Malloy, Ltd. on April 20, 2004, stating that a new oath or declaration was required due to the original declaration's failure to identify the citizenship of each inventor.

4. Upon receiving the Notice of Informal Application, my colleague, Ronald Larson, and I contacted Jack Sherman, Intermec's in-house counsel, who filed all of the prior related applications and was intimately involved in the prosecution of each of these cases. Mr. Sherman informed us of his belief that Mr. Cargin should be a named inventor in this case.

5. In July 2004, Mr. Larson and I also contacted several of the twelve inventors listed on the original declaration of the grandparent application to determine their roles, if any, in the conception and reduction to practice of the current invention. contact the undersigned. A paper copy of this e-mail is attached as Exhibit 2.

Mr. Cargin did not sign the Declaration or contact the undersigned.

9. On February 24, 2005, the undersigned sent to Mr. Cargin, via certified mail, a copy of the relevant application papers, the Second Supplemental Combined Declaration and Power of Attorney and a letter requesting that Mr. Cargin contact the undersigned to discuss Mr. Cargin's involvement in inventing the claimed subject matter. Decision under 37 CFR 1.47 is hereby HELD IN ABEYANCE until such time as the requirements of 37 CFR 1.48 are satisfied.

DECISION UNDER 37 CFR 1.48(a)

Petitioners herein request correction of the inventorship of the instant application.

Correction of inventorship pursuant to 37 CFR 1.48(a) requires: (1) a request to correct the inventorship that sets forth the desired inventorship change; (2) a statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part; (3) an oath or declaration by the actual inventor or inventors as required by 37 CFR 1.63 or as permitted by 37 CFR §§ 1.42, 1.43 or 1.47; (4)

The instant petition fails to satisfy requires (2) and (3) set forth above.

As to item (2), the requirement for a statement from the person being added has not been satisfied. Accordingly, any renewed petition under 37 CFR 1.48 must be accompanied by the required statement or petition for waiver of the required statement under 37 CFR 1.183.

As to item (3), a fully executed oath or declaration has not been submitted. In order to satisfy the oath or declaration of 37 CFR 1.63, petitioners are required to present a fully executed oath or declaration or a grantable petition under 37 CFR 1.47.

For the reasons set forth herein, the petition under 37 CFR 1.48(a) is **DISMISSED**.

Petitioner is given **TWO (2) MONTHS** from the mailing date of this decision to reply, correcting the below-noted deficiencies. Any reply should be entitled "Renewed Petition," and should only address the deficiencies noted below, except that the reply may include an oath or declaration executed by the non-signing inventor(s).
